EDUCATION

Computer Science

ABASYAN University | 2023-2027

ABOUT ME

I am highly energetic, Self-motivated person seeking challenges. Qualified for a professional career and ready for new responsibilities, long hours and opportunities to grow and learn in a competitive environment and I want to gain experience along the way.

EXPERIENCE

I have hands-on experience in building responsive and user-friendly web interfaces using HTML, CSS, Bootstrap, and Tailwind CSS. Skilled in creating modern layouts with clean designs, animations, and mobile-first approaches. Proficient in JavaScript for adding interactivity and dynamic features, and experienced with React.js to develop reusable components, manage state, and build scalable single-page applications.
